Sir:

The Examiner's statement of reasons for allowance mailed April 15, 2004 with respect to claim 37 states that "Applicants are claiming only those polynucleotides which encode SEQ ID NO:1. Applicants are not attempting to claim any polynucleotides which simply hybridize to polynucleotides encoding SEQ ID NO:1."

Applicants wish to clarify that claim 37 does not claim any particular polynucleotide(s). Claim 37 is directed to a method of identifying a polynucleotide having a sequence encoding the human fibroblast growth factor of SEQ ID NO:1. The method recites identifying a candidate that hybridizes to two recited oligonucleotide probes.
